Barbara Rae Prints

160pp, Royal Academy, £35.
 Barbara Rae's rich expressionistic painting is one of the jewels in the crown of Scottish contemporary art. Following the previous monogram on her paintings the Royal Academy has now produced this publication on Rae's equally important achievement as a printmaker.

This much anticipated book successfully surveys the wide range of Rae's printing output, focusing on her close collaboration with a group of world renowned print studios. Along with superb illustrations there are knowledgeable and informative texts by Gareth Wardell and Andrew Lambirth who are expert commentators on Barbara Rae's work. **Bill Hare**
