Framed Exhibition

In March the New Artist Fair will be returning to Candid Galleries and will be showcasing the best emerging and recently established artists from around the world and UK. New Artist Fair will be exhibiting a wide variety of artists showcasing all types of artwork including photography, landscapes, portraits and abstracts, with both originals and prints at prices ranging from £50 to £1,000.

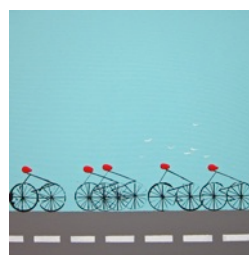

The Framed Exhibition in Torrens Street is Free Entry showing 50 contemporary artists with 1,000+ original artworks and prints to choose from, displayed over 2 floors in a friendly relaxed environment. We exhibit the highest quality, affordable art to a wide range of buyers and encourage people to invest in art while supporting new talented artists.

The last day of the exhibition falls on Mother's Day: what better gift than an original piece of art and a great way to spend an hour or two browsing the art and meeting the artists. Our raffle this year will be supporting a wonderful children's charity with all proceeds going to Action for Children.
