

# ART COLLECTING MADE EASY

## From Modern Masters to Contemporary

The third edition of the Cambridge Art Fair will be held October 2nd to 4th at the Guildhall in Cambridge.

Register for free tickets: [www.cambridgeartfair.com](http://www.cambridgeartfair.com)

Cambridge Art Fair, launched in 2013, is rapidly becoming an established part of the international art fair calendar. The fair brings a fantastic selection of respected UK and international art galleries and dealers to the Guildhall in the heart of Cambridge city centre.

This year we are pleased to be able to bring highly collectible modern art from the 20th century by Modern Masters such as Pablo Picasso, Salvador Dali and Marc Chagall, alongside beautiful original prints by Great Bardfield Artists such as Walter Hoyle.

We also have originals and prints by some of today's leading international artists, including David Hockney, Banksy and Damien Hirst, at a range of surprisingly affordable prices.

Artists from the UK, France, Ethiopia, USA & Vietnam and many other nationalities will also be featured.

The combined knowledge and experience of the galleries and dealers participating will ensure that you are able to find the perfect piece of art to suit you, your home and your pocket! And you can rest assured that

all of the art available has been selected for its quality and provenance. The Cambridge Art Fair is the perfect place to shop for original works of art whether you are a new buyer or a seasoned collector.

Perhaps you need to source a large, contemporary sculpture for your office reception, a series of classic modern art prints for your conference room or perhaps a beautiful landscape painting for your home. Whatever your requirements, you'll find expert guidance and advice at Cambridge Art Fair.

One of the most famous and prestigious cities in the world, Cambridge is an extremely popular tourism destination, as well as a great shopping destination and a world-renowned centre for learning.

Cambridge Art Fair takes place in the impressive Guildhall building at the very heart of the city centre, surrounded by the buzz from the Market Square and the main shopping area and just a few steps away from many of the most famous university buildings in the world.
