*Summerhouse*  
GALLERY

Market Place, Marazion TR17 6AR • 01736 711 400 • info@summerhousegallery.co.uk • www.summerhousegallery.co.uk

The Summerhouse Gallery is a beautiful, welcoming space showcasing the very best of Cornish art, located in Marazion, only a stone's throw away from the wonderful St Michaels Mount. Featuring artists ranging from the extremely established to the up and coming, we aim to create the perfect place to discover paintings, jewellery, sculpture and glass in a relaxed manner.

Our July show at the gallery opens with a private view on the 12th, and will run from the 13th to 26th.

Featuring Kit Johns, Helen Jones, Jack Davis and Jade Bowmer, with sculpture by Tom Leaper and ceramic work by Jake Boex; **Far West** sees a collective of exciting new artists explore the magic of West Cornwall.

For centuries, the beauty and myth of the area has inspired artists to create in homage to the wild green moorland, which rolls down to the rugged coastline and the calm lap of waves on the shoreline, or tempestuous stormy oceans. All set against that magical light which can only be found here.
